BEST HOT CREEK YOGA PRACTICES

*Classes fill up fast, arrive early, enter or leave quietly, make room for others, inform instructors of any injuries or concern you have before class & remove shoes. *Bring water, yoga mat recommended, towel and wear breathable clothing

*We hope you enjoy the Hot Yoga experience, and when you enter the Hot Creek Studio, do so with an open heart and mind

*Please be mindful of hygiene. Sweat is good, but please use extra towels and keep it on your own mat

*If you are pregnant, have high blood pressure, heart disease or are diabetic, you should not practice Hot Yoga without consulting with your healthcare provider first

*Please keep conversations before & after class to a minimum, and in quiet tones
