

## **Kids' Club Age Groups**

### **Infants and Toddlers**

The Kids' Club staff interacts with all children and is sensitive to individual needs. We change diapers, feed bottles, and will spoon feed meals and snacks. There is a variety of age appropriate toys.

### **School Aged Children**

There is a choice of several activities for school aged children. We have a train table, books, kitchen with play food, a wide variety of coloring pictures, arts and crafts and building blocks. Weather permitting: children can spend time outdoors in a walled-in play area with a fun play structure.
